ONTARIO ARTS COUNCIL REPORT ON ACTIVITIES AND GRANTS

Toronto, June 30, 1989 -- At recent meetings the Board of the Ontario Arts Council approved grants to individual artists and to arts organizations throughout the province. This report covers the period from November 1988 to March 1989.

The Ontario Arts Council is an agency of the Government of Ontario, funded through the Ministry of Culture and Communications. It comprises a decision-making body of 12 members who serve voluntarily on the Board, appointed from across Ontario by Order-in-Council. It is administered by an Executive Director hired by the board; a senior staff of ten program officers and eight associate officers who head the individual funding programs; and a senior administrative staff of four.

Grant decisions are made by the Board Members based on recommendations of the officers, who rely on a system of peer evaluation by assessors in the various disciplines and fields supported.

The format of this report has changed to facilitate locating grant recipients in a given region or community. It is divided into eight regions: Central, Eastern, Northeastern, Northwestern and Southwestern Ontario, Metropolitan Toronto Region, Hamilton-Wentworth Region and Out-of-Province. Grant recipients are then listed by program and community.

Activities

The Arts/Education Office has developed a new residency program for professional performing arts organizations. The objective of this new program is to assist companies with the costs of undertaking residency projects in Ontario's elementary and secondary schools. It will offer an opportunity for students and teachers to work in a participatory way with a professional performing arts company.

.../

There have been several appointments at the Ontario Arts Council. Arsiné Khanjian has been appointed to the position of Associate Officer in the Film, Photography and Video Office. Prior to joining the Council, Ms Khanjian was Community Heritage Advisor with the Ministry of Culture and Communications. She is also a professional actress and has appeared in several films. Michel Lachaume joins the Touring Office as the bilingual Touring Consultant for the southern region of the province. Mr. Lachaume was Artistic Co-ordinator of the Centre culturel d'Orléans and has been very active in programming performing arts events in the centre. Pauline Blanchard, formerly of Ramada Canada Inc., has been appointed Officer Manager.

The Council regrets to announce the departure of Ron Evans, Director of Special Projects, who was with the organization for twenty years. Mr. Evans was instrumental in setting up the jury system of grant determination and developed the third party recommendor system which decides more than half of the grants to individual artists awarded by the Ontario Arts Council. He also introduced microcomputer technology to the OAC with the assistance of capital grants from the Ministry of Culture and Communications. Mr. Evans has joined the computer firm BCH Canada as Vice-President, Communications.

A list of senior staff and board members is attached.

**MARY JANE CHRISTAKOS APPOINTED TO BOARD OF ONTARIO ARTS
COUNCIL**

Toronto, June 30, 1989 -- Nalini Stewart, Chair of the Ontario Arts Council, today confirmed with pleasure the appointment of Mary Jane Christakos of Sudbury to the Board of the Council.

Mrs. Christakos, a native of Sudbury, is the owner and operator of The Artisan Art Store and Gallery. A professional visual artist, Mrs. Christakos has been involved in the arts community in Sudbury for many years. She was a founding director of the Sudbury Arts Council, president of the Sudbury Crafts and Arts Foundation and president of the Sudbury and Region Art Club. She studied visual arts at Cambrian College in Sudbury from 1974-1978 and is now an instructor of visual arts for the Continuing Education Department of the College.

Mrs. Christakos is a graduate of the University of Toronto and worked in the private sector before embarking on a career in visual arts in 1974. Her work has been featured in many exhibitions and she is currently preparing a solo exhibition which will open in November of this year at La Galerie du Nouvel-Ontario in Sudbury.

Mrs. Christakos formally joined the 12 member Board of the Ontario Arts Council in May of this year. Each member of the Board is appointed by the Lieutenant-Governor-in-Council to serve voluntarily as a representative of the people of the province for a three year term.

Office approved \$16,500 to eleven screenwriters through the SCREENWRITERS' RESERVE FOR EDITING ASSISTANCE. This program was developed to assist recipients of OAC screenwriters grants with costs of professional editing services.

The Ontour Office received approval for a new program: ADVANCE BOOKING ASSISTANCE FOR MANAGERS, which provides financial assistance to Ontario-based artist representatives to prepare out-of-Toronto advance bookings. The maximum grant per application is \$2,500 and a management is eligible to receive up to \$5,000 per year. The aim of the program is to increase communications between artists' representatives and community programmers and to provide an opportunity for artists' managers to visit potential buyers.

The Franco-Ontarian Office received approval for a PILOT PLAY DEVELOPMENT PROGRAM, designed to allow Franco-Ontarian playwrights and theatre companies to develop or polish a playscript outside the confines of a full production. Projected budget for 1985-86 is \$30,000.

Also approved was the Theatre Office's ASSOCIATE ARTISTIC DIRECTOR TRAINING PROGRAM, which provides financial assistance toward the training of associate artistic directors at professional Ontario theatres. The projected budget for this program is \$25,000 for 1985-86 and \$40,000 for the 1986-87 fiscal year.

The Council also discussed the progress of its Program Evaluation activity, whereby the staff and Board are examining all existing OAC programs to see if they are responding to current needs. This is a rigorous two-year exercise, announced last October, to assess each of the Council's 77 arts funding programs both for program specifics and policy-oriented issues to see what changes and/or adaptations are indicated. By July, twenty-four programs will have been examined by the staff with the input of 300 to 400 advisors from the arts community and

an advisory committee of 40 consultants. Some specific changes are being made and programs refined as the process moves along; findings with major policy implications are being held for consideration toward the end of the review in early '87. While the Council has always reviewed its work on an individual program basis, this is the first time it has examined its full range of activities and documented the process and findings in detail. The process is thus building a large base of data on both the arts community and Council's impact never before collected.

The Ontario Arts Council is an agency of the Ontario government, funded through the Ministry of Citizenship and Culture. It comprises a decision-making body of 12 members who serve voluntarily on the Board, appointed from across Ontario by Order-in-Council. It is administered by an Executive Director hired by the Board; a senior staff of 10 program officers and four associate officers who head the individual funding programs; and a senior administrative staff of four. The 10 programs consist of Arts/Education; Community Arts Development; Dance; Film, Photography and Video; Franco-Ontarian; Literature; Music; Ontour (its touring service); Theatre; and Visual Arts.

Grant decision are made by the Board Members based on recommendations of the officers, who rely on a system of peer evaluation by assessors in the various disciplines and fields supported.

ONTARIO ARTS COUNCIL RECEIVES ADDITIONAL TWO MILLION

Toronto, May 18, 1989....Nalini Stewart, Chair of the Ontario Arts Council acknowledged with pleasure the allocation of an additional \$2 million to the base operating grant of the Ontario Arts Council by the Ministry of Culture and Communications. This was announced as part of the Provincial Budget on May 17 by the Treasurer of Ontario and included in a \$25 million increase to cultural agencies and institutions, "in recognition of the economic importance of Ontario's cultural sector and its unique ability to foster creativity and innovation". The allocation is in addition to the Council's 89/90 annual appropriation of 3.97% and represents an increase of 10.8 % in provincial operating support to the total of the \$32.2 million, 89/90 budget of the Council.

The Council has been seriously campaigning for a significant increase to the funding of the arts in the province for several years, most recently making a bid for tripling the Council's budget over a five year period.

Mrs. Stewart said:

"It is not just the money which we are delighted to receive, it is the significance of an allocation at a time of serious economic pressures from many other sectors. While \$2 million represents only a small percentage of the money we are seeking in our Five Year Strategic Plan, to us it is a major signal from the government in these difficult economic times, that the cultural life of Ontario is considered an integral part of the quality of life on which this government has placed a priority.

It is reassuring that Ontario is listening to the voice of its artists. As cited by the Treasurer and our own Minister, the government is viewing the arts as an investment rather than a charity. The Board of the Council will continue to seek increased funding. We are encouraged to believe that our goals for the cultural life of the province appear to be aligned with the objectives of the current government."

Norman B. Walford, Executive Director of the Council, reported that the \$2 million will assist with immediate pressures and that the Council expects to be able to announce how this money will be allocated to the arts at the June Council meeting on June 13.

**NORMAN B. WALFORD TAKES OVER LEADERSHIP OF ONTARIO ARTS
COUNCIL**

Toronto, March 17, 1989...Norman B. Walford, the new Executive Director of the Ontario Arts Council, officially took over leadership of the Council on March 1. Appointed last December, Mr. Walford has spent the last few months winding up his duties as Chief of Administration and Corporate Secretary of the Art Gallery of Ontario.

Mr. Walford's first mission on March 1 was a meeting with senior members of Ontario's Ministry of Treasury and Economics. He accompanied Nalini Stewart (Council Chair), Antoine deLotbiniere Panet (Vice-Chair) and Board Member Elvio DelZotto to present the Council's argument for increased funding as part of the government's budget consultation process. This meeting was an integral step to the advancement of the Council's Five Year Plan for augmented monies to the arts, submitted to the government last year.

The realization of this request is a top priority for the Council's new Executive Director. Mr. Walford reported that the case must be made not only in terms of the needs of the arts sector, but also within the context of how cultural advancement reinforces the government's broader objectives of excellence and the creating of a world-competitive society for the 21st century.

Over the next few months, Mr. Walford will familiarize himself with the Council's range of programs and participate in meetings with artists and arts organizations throughout the province to understand their needs and aspirations.

Mr. Walford said: "I am totally committed to promoting the Council's Five Year Plan, just as I am to the artistic activities which increased funding will allow. I look forward enormously to meeting with the arts community to strengthen our partnership in arguing the case for additional support".
